Realizzare un divano con l'obiettivo di diventare il protagonista assoluto di ogni salotto e living di casa è un buon obiettivo di per sé, ma il nostro pensiero è quello di andare oltre.

Il consumatore moderno è alla ricerca di soluzioni multitasking in tutte le scelte ed è evidente in diversi ambiti della vita: l'automobile è legata all'utilità, il design al multiuso, la telefonia moderna alla riproduzione di fotografie, musica e video ad alta definizione.

Per questo motivo abbiamo deciso di sviluppare e offrire ai nostri partner divani letto con una nuova attenzione ad entrambe le funzioni.

La nostra visione è quella di creare un ambiente polifunzionale: un vero salotto durante il giorno, una vera camera da letto durante la notte.

Rimarrete affascinati dai meccanismi che trasformano il divano in un letto dalla linea convincente e soluzioni accattivanti.

I divani importanti, dal design attuale, accolgono padroni di casa e ospiti con tutti i comfort durante il giorno mentre possono poi essere facilmente trasformati in un letto con superfici inaspettate che enfatizzano gli spazi e definiscono un'atmosfera.

Un nuovo modo di concepire il divano letto che siamo sicuri avrà entusiasti ammiratori.

Creating a sofa with the aim to become the absolute protagonist of every living room and space at home is a good goal in itself, but our thought is to go further.

The modern consumer is looking for multitasking solutions in all choices and it is evident in different sectors of life: car is linked to utility, design to multi-purpose uses, modern telephony to high-quality definition photos, music and videos reproductions.

This is why we decided to develop and offer our partners sofa beds with a new focus on both functions.

Our vision is to make a multi-purpose environment: a real living room during the day, a real bedroom at night.

You will be fascinated by the mechanisms converting the sofa into a bed with a convincing line and appealing solutions.

Prestigious sofas, with current design, welcomes hosts and guests with all comforts during the day while can be easily turn into a bed with unexpected surfaces that emphasize the spaces and define the atmosphere.

A new way of conceiving the sofa bed that we are sure will have enthusiastic admirers.
